

## Frequently Asked Questions

1. **Q:** If I “Add” an event to my schedule, is that an official RSVP to attend the event?

**A:** No. Your schedule is only meant to help you organize what events you plan to attend and lets the organizers gauge interest. Most events will have an RSVP link or contact email address where you can officially RSVP and obtain tickets, if necessary. Be sure to read the details of each event for instructions.

2. **Q:** How do I find an event in my area?

**A:** There is a search bar in the upper right hand corner where you can type in any key words (location, venue, date, etc) in order to locate events that interest you.
